The park boasts terrific views of the Moray Firth where we often sight the Moray Firth Dolphins and is an ideal place to relax and have a good holiday. As well as the beach, there are caves, rock pools and fossils within walking distance. The village itself has all the shops you will need including chemist, post office, take away food, ice cream, convenience store and pubs. We have luxury caravan holiday homes for hire, many with sea views plus there are usually a few for sale. For the touring units there are electric hook-ups, water points, modern toilet/shower blocks and launderette.

In the surrounding area, there are many things to see and do. There are a total of five golf courses within fifteen minutes drive of the park. The many castles in the area and the Malt Whisky Trail provides for an exciting day out. Alternatively, the peace and tranquillity on the park provides an ideal place to sit back and relax.

## TYPES OF HOLIDAY CARAVAN

**SUPER DE-LUXE** - are new or nearly new 35' X 12' caravans with the option of 2 or 3 bedrooms. The 2 bedroom Super De-luxe has an en-suite bathroom for the main bedroom.

**SUPER DE-LUXE PLUS** – as above, but with central heating and double glazing

**DE-LUXE** – These are the middle of the range caravans but only come in the two bedroom format. These vans are 28'/30' X 10'.

All caravans sleep a maximum of 6 people and are equipped with colour TV, microwave, fridge, full size cooker, gas fire in the lounge area, hot & cold running water, shower and toilet. Most caravans have additional heating in the bedrooms and bathrooms. Fully equipped except for linen, towels and tea-towels, but these may be hired. **All caravans are no smoking** and some caravans are no pets.

## CARAVAN SALES

We usually have some pre owned caravans for sale and we can supply any make of new caravan. If you are interested in purchasing a caravan holiday home we would be more than pleased to show you around and answer your questions.

Obtaining its name from the old railway station, the caravan park has unique characteristics. Old railway platforms have been converted for use by touring caravans and motor homes to offer a superb view of the Moray Firth. As well as this the park has two other areas specially reserved for touring units. There is a walled garden providing shelter and is an ideal area for tents. There is also a large open field which also offers sea views.

## HOW TO FIND US

Hopeman is easily accessible whether you travel by train, (east coast to Aberdeen or west coast to Inverness), flying into Aberdeen or Inverness, or by car on the A9 and A96.

### From Aberdeen

Turn right off the A96 onto the A941, then left onto the B9012 to Hopeman. Turn right into Harbour Street immediately after passing petrol station on the left, turn left into caravan park at harbour.

### From Inverness and South

Turn left off the A96 at Forres east end roundabout onto B9089 past RAF Kinloss for about 7 miles. After crossing humpback bridge at Roseisle Maltings turn left at crossroads. On outskirts of Burghead turn left, then immediate right onto B9012 through Cummington, then Hopeman. Turn left into Harbour Street, then left into caravan park at harbour.
